Safety and Recommendations

Please take note of the following before using the Nuna MIXX².

Safety is very important to us and you can be assured that our products comply with the relevant standards and that they have been tested by a number of independent testing panels and laboratories.

The MIXX² Stroller is a patented product and complies with US safety standards and ASTM F833.

If you have any questions or comments regarding the MIXX² Stroller, we will be glad to hear them through our web site:

In the USA: www.nuna.eu
In Canada: www.nunababy.ca
WARNING

Failure to follow these warnings and the instructions could result in serious injury or death.

NEVER leave child unattended. Always keep your child in view while in MIXX² Stroller.

Avoid serious injury from falling or sliding out. Always use seat belt. After fastening buckles, adjust belts to get a snug fit around your child.

Child may slip into leg openings and strangle. Never use in reclined carriage position unless the calf support is raised to cover the front opening.

Please save instruction manual for future use.

Avoid finger entrapment: Use care when folding and unfolding the MIXX² Stroller. Be certain the MIXX² Stroller is fully erected and latched before allowing your child near the MIXX² Stroller.

NEVER use MIXX² Stroller on stairs or escalators. You may suddenly lose control of the MIXX² Stroller or your child may fall out. Also, use extra care when going up or down a step or curb.

Strangulation Hazard: Do not place items with a string around your child’s neck, suspend strings from this product, or attach strings to toys.

MIXX² Stroller is to be used only at walking speed. Product is not intended for use while jogging, skating, etc.

Use of the MIXX² Stroller with a child weighing more than 50 lbs (22.7 kg) or 45 in. (114.3 cm) tall will cause excessive wear, and stress on the MIXX² Stroller, and could create an unstable condition. Use the MIXX² Stroller with only one child at a time.

WARNING

Failure to follow these warnings and the instructions could result in serious injury or death.

NEVER allow your MIXX² Stroller to be used as a toy.

Discontinue using your MIXX² Stroller should it become damaged or broken.

Overloading, incorrect folding, and the use of accessories e.g. child seats, bag hooks, rain covers, buggy boards, etc… other than those approved by Nuna may damage or make this MIXX² Stroller unsafe.

NEVER allow children to stand on the footrest.

This stroller has been designed to use from birth. We recommend using lowest reclined position for newborn babies.

This stroller does not replace a cot or a bed. Should your child need to sleep, they should be placed in a crib or approved sleeping area based on your child’s requirements.

The parking brake should be engaged when the stroller is stopped and when placing and removing child.

DO NOT place any item on the canopy.

Only use Nuna accessories with your MIXX² Stroller. Adding accessories such as purses, shopping bags, or parcels to the handle or canopy can cause the MIXX² Stroller to be unstable.

DO NOT use storage basket as a child carrier.
⚠️ WARNING

Failure to follow these warnings and the instructions could result in serious injury or death.

TO AVOID ANY DANGER OF SUCCOTATION, remove all plastic covers before using this item and destroy or keep away from babies and children!

ALWAYS check that the seat unit, and car seat attachment devices are correctly engaged before use.

To prevent a hazardous, unstable condition, do not place more than 10 lbs (4.5 kg) in the storage basket.

To prevent a hazardous, unstable condition, do not place more than 1 lbs (.45 kg) in the storage pocket on the back of the seat.

DO NOT use stroller seat as a booster seat.

DO NOT use stroller seat in a motor vehicle.

DO NOT carry stroller seat with child in it.

NEVER place the child with their head at the foot end of the stroller seat.

Contents Of The Box
Check that you have all the parts for this product before using it. The assembly must be performed only by adults. Features vary by model.

**WARNING** Choking Hazard: Remove and immediately discard protective end caps from each wheel and wheel hub axle.

Tools : No tools required.

- Stroller Frame and Seat
- Front Wheel (2x)
- Rear Wheel (2x)
- Armbar
- Rain Cover
- Adapters
- Stroller Canopy Visor
- Brake Assembly
- Bassinet
- Bassinet Mattress Pad
- Bassinet Canopy Visor
- Cover

If your MIXX² stroller came with the MIXX² Bassinet, you will also have the following parts in your MIXX² stroller carton.

Refer to your MIXX² Bassinet Instructions for features, assembly and use of the MIXX² Bassinet.
Opening the MIXX²

Before setting up the stroller, flatten the carton and place it on the floor.

1 - Open the storage latch as shown.
2 - Rotate the handle (1) to the rear of the stroller until it clicks into the open position.

Squeeze the handle (2) on the back of the seat and rotate the backrest to the upright position.

CHECK that the stroller is completely latched open before continuing.

Assembling the Canopy

3 - Line up the canopy visor zipper with the zipper on the inside of the front edge of canopy. Completely zip the canopy visor onto the front of canopy.
4 - Insert the canopy clips into the canopy mounts on the sides of the stroller until they click into place.

Assembling the Front Wheels

5 - Push wheels onto the front leg tubes until they click into place.

CHECK that wheels are securely attached by pulling down.
6 - To remove front wheels, press the button and pull wheel down.
Assembling the Rear Wheels and Storage Basket

1 - **MAKE SURE** the brake lever is facing up before attaching to frame. Push brake assembly onto the rear leg tubes until it clicks into place. **CHECK** that brake assembly is securely attached by pulling on it.

2 - Line up the tab on the wheel axle with the groove in the brake assembly and push rear wheel onto the brake assembly until it clicks into place. Repeat with the other wheel on other side of brake assembly. **CHECK** that wheels are securely attached by pulling down.

3 - To remove rear wheel, press the button (1) and pull wheel off (2) of brake assembly.

4 - Wrap the basket flap around the rear frame tube and fasten the 3 snaps.

Assembling the Armbar

**WARNING** Always secure the child with the harness. The armbar is not a restraint device.

5 - To attach armbar, insert the armbar into channels on both sides of the seating area.

6 - To remove, push the buttons on the outside of the stroller as shown.

7 - Fasten the inner snaps of the seat pad to the inside of the seating area as shown.

Stroller set up is complete.
Securing Your Child

**WARNING** Avoid serious injury from falling or sliding out. Always use the seat belt.

1 - To unfasten the buckle, push on center button and remove the clips.

2 - To secure child, insert waist strap clips to harness strap clips then insert into the center buckle until it clicks.

3 - To tighten harness around your child for a snug fit, slide the adjusters on the straps. For a snug fit, the space between the child and the shoulder harness should be about the thickness of one hand.

**Adjusting the Shoulder Harness Position**

4 - Accessing the shoulder harness varies by model. To adjust the position of the shoulder harness anchor, either open the zipper on the seat back, or unfasten the snaps located behind the storage pocket and lift up the flap. Turn the harness anchor to fit through the harness slot. Push retainer through to front of the seat.

5 - From front of seat, unfasten the snap at the top of the seat pad and pull the harness strap through the seat pad.

6 - Re-insert the harness strap through the desired set of harness slots in the seat pad and seat back that are closest to your child’s shoulders. Repeat with other strap.

CHECK to MAKE SURE that you have inserted the harness straps through the same set of harness slots for each harness strap.

Depending on model, either zip the zipper on the seat back, or close the flap and refasten the 4 snaps to the back of the seat.
Using the Canopy

1 - To open or close the canopy, push or pull the canopy to the front or back as shown.

2 - Lift the canopy window for added convenience when looking at baby.

Canopy is NOT recommended to be removed.

Front Swivel Locks

3 - It is recommended to lock the swivel wheels when traveling on uneven surfaces.

To LOCK swivel wheel, squeeze and slide tab to rear of stroller. You may need to move wheel to get it to lock.

To UNLOCK swivel wheel, push tab towards front of stroller.

Brake

⚠️ WARNING Check that the brakes are on by trying to push the stroller.

4 - To UNLOCK wheels, press down on front of brake lever.

5 - To LOCK wheels, press down on rear of brake lever.

Handle Positions - 3

6 - To adjust the height of the handle, squeeze the buttons on inside of the handle and pull the handle up or down. It may help to lock the brake while adjusting the handle.
Adjusting the Recline
1 - There are 5 positions for the backrest.
   To recline the backrest, squeeze the adjustment handle, and pull seat down to desired position.
   To raise the backrest, squeeze handle and rotate seat to upright position.

Adjusting the Calf Support
The calf support has 3 positions.
2 - To raise the calf support, lift it up as shown.
3 - To lower the calf support, press in both buttons on the sides and rotate the calf support downward.

Reclined Carriage Position

⚠️ WARNING
- Child may slip into leg openings and strangle.
- NEVER use in reclined carriage position unless the calf support is raised to cover the front opening.
- DO NOT use enclosure with an older child that can push up on hands and knees or crawl out.

When using the stroller in fully reclined carriage position, follow these steps:
4 - Remove the arm bar.
5 - Fully recline seat, rotate footrest to upright position and unfasten the flaps underneath the calf support.
6 - Fasten the flaps to the snaps on the inside of the seating area on both sides of the seat.
Reversing the Seat

The seat can be reversed to be parent-facing or forward-facing.

1 - Squeeze the seat release buttons and lift seat up.
2 - Turn the seat to be parent-facing, and then re-insert into the seat mounts until you hear them click into place.
   **CHECK** to make sure seat is securely attached by pulling up on it.

Zippered Storage Basket (certain models ONLY)

3 - To access the storage basket, unfasten the zipper as shown.

Folding the Stroller

Before folding, push the canopy to rear of stroller.

4 - Squeeze the handle (1) on the back of the seat and rotate the backrest to the stored position (2).
5 - Pull up on the fold levers (3) and push the stroller forward to fold.
6 - The storage latch will engage automatically when the stroller is completely folded.
Accessories

Nuna PIPA
Infant Car Seat Adapters

⚠️ WARNING

• Avoid serious injury from child falling out. Always secure child in the infant car seat harness as explained in your infant car seat manual before attaching the infant car seat to the stroller.

• NEVER place infant car seat in the stroller seat.

• ONLY USE THE NUNA PIPA INFANT CAR SEAT with this stroller. NEVER use other manufacturer’s infant car seats with this stroller unless approved by the manufacturer.

• ONLY install your PIPA infant car seat REAR-FACING on the adapters.

When using your Nuna PIPA infant car seat, please follow these instructions:

REMOVE STROLLER SEAT FROM FRAME IF ATTACHED.

1 - To attach adapters, insert adapters onto mounts until they click into place. PULL UP on adapters to make sure they are securely attached.

2 - Line up the infant car seat handle hubs with the adapters as shown.

3 - Insert the infant car seat into the adapters until it CLICKS into place. PULL UP on the infant car seat to make sure that it is securely attached into the adapters.
Infant Car Seat Adapters (cont.)

4 - To remove car seat, press the buttons located on the sides of the Nuna infant car seat and lift the car seat off the adapters.

5 - To remove adapters, pull the release button on adapter and lift the adapter off the stroller frame. Repeat on other adapter.

If you have any problems using the infant car seat, please refer to the infant car seat instruction manual.

Raincover

⚠️ WARNING

- TO AVOID POSSIBLE SUFFOCATION, NEVER place your child into the stroller with rain cover attached during hot weather.

- NEVER leave child unattended in this product.

- ALWAYS check that the rain cover has been cleaned and dried before folding.

- DO NOT fold the stroller after assembling the rain cover.

- MAKE SURE the canopy is completely open before attaching the rain cover.

6 - To assemble the stroller rain cover, place it over the stroller seat exactly as shown.
Cleaning and Maintenance

Your MIXX² Stroller is a valuable piece of equipment and deserves careful handling.

You can clean the frame, the plastic parts, and the fabric with a damp cloth, but don’t use abrasives or bleach.

• Fabric is machine washable on warm setting. 105 degrees Fahrenheit (40 degree Celsius)
• Line dry. DO NOT BLEACH. DO NOT IRON.
• Do not use silicone lubricants, as they will attract dirt and grime.
• Continued and extended exposure to sunlight can change the color of many materials.
• Do not store your MIXX² Stroller in a damp place.
• Always allow the fabric to dry naturally away from direct heat.
• For reasons of safety, only use original Nuna parts.
• Clean the wheels regularly with water and remove the dirt.
• Lubricate moving parts with a light, non-toxic oil. Be careful not to apply light oil to the wheel bearings.
• To ensure the long-lasting use of your MIXX² Stroller, wipe it off with a soft, absorbent cloth after using it in rainy weather.
• It is normal for fabric to discolor from sunlight and to show wear and tear after a long period of use, even when used normally.

Cleaning and Maintenance (cont.)

• Discontinue use if any parts are torn, broken, or missing.
• To clean the armbar or handle, wipe clean with damp cloth and then allow to air dry before storing.
• DO NOT clean your product with strong cleaners or solvent as it may damage the material.
• DO NOT expose your product to organic solvents like alcohol.
Warranty

We have purposely designed our high-quality products so that they can grow with both your child and your family. Because we stand by our product, our gear is covered by a custom warranty per product, starting from the day it was purchased. Please have the proof of purchase, model number and serial number available when you contact us.

**For warranty information please visit:**
http://www.nuna.eu/warranty

Product Registration

All products include a serial label which lists the product model number and serial number. This label is located on the underside of the stroller footrest. Before contacting customer service, please have these numbers available for reference.

**To register your product please visit:**
https://www.nuna.eu/register-gear

Contact
